Feb. 2017 Issue #27

THE TIME IS NOW

To everything there is a season, A time for every purpose under heaven. (Ecc.3:1)

We prayed and prayed for a facility to help women with children. We were just tired of turning women with children away. God answered our prayers. We purchased a house that is adjacent to the Women's Life House for just fifty dollars. That in itself was a God thing. We completed the paperwork required for ownership. We continued to pray and waited patiently for over six months. Finally, we became owners of this beautiful house which is pictured above. Yes, this beautiful house. You can see by the picture above that this house needs to be renovated. Our planned open date is October 1st of this year. For that to happen, we need to get moving. Let me say that again. "We need to get moving!"

We have several mission teams coming up this Spring and Summer to work on the house. But we will also need some local help as well. So, please contact us if you want to help because there is a lot to do. Besides the labor, we are going to need to raise some funding to make this all happen. In the box to the left we have listed the cost of some of the materials that we will need. If you want to donate toward a particular item or material just let us know. As we've said before we are not funded by any government grants but, by people, churches, and businesses.

Help us stop saying "NO" to women with children and help us say "YES."

New Life Ministries has the best partners. You all helped make the Meal Ministry remodel happen. You also helped make the Women's Life House remodel happen. Now, let's make this Women and Children House remodel happen. Thank you for being one that continues to respond to the needs of others. You are the Good Samaritans and New Life Ministries is the inn. And together we are making a difference in the physical and spiritual needs of broken people. Whether you participate in gifting or not please pray for this very big undertaking. God Bless.

PROJECT: WOMEN/CHILDREN
