We Need To Raise \$15,000.00

After much prayer and processing we find the need to enter into a fundraising campaign from now till the end of September. New Life Ministries needs to raise \$15,000 to help get us through to November. We need you and everyone to help in this campaign. Each and every dollar helps us reach this goal. We have around 15 monthly partners between people and churches. Those gifts are amazing. They come in each and every month. We thank you, those of you that are monthly supporters. You are truly a blessing each and every month. We receive no money nor any grants from the government. People, churches, and a few businesses are who support these ministries.

We send this newsletter out to over five hundred people a month. At this time we are asking everyone who receives this newsletter to pray that God will meet this need. Second we ask that you pray and see what God has put on your heart to give.

You know and hear about how many people the Meal Ministry feeds and that it's open seven nights a week. You also know about how the Women's Life House helps women by providing a safe place to live. Each ministry shows and shares the gospel of Jesus.

Again we ask that you pray daily for these ministries. And we ask that you consider financially supporting the ministries monthly or a one-time gift. May God bless you as you have blessed us.

SOMETHING GREAT HAPPENED !

We received a phone call that a church in Ohio wanted to bless us. They said that they wanted to pay off our loan (approx. \$ 8,100) for the Meal Ministry Building! PRAISE THE LORD ! Last year when we purchased a new building for the Meal Ministry, God blessed us through people and we received many gifts for the building and the renovations. When it was all said and done we still owed \$17,000. So we obtained a loan. We prayed and believed it would all be paid for within the first year. And God answered that prayer. Last summer we purchased it, this summer we own it. Praise God and thank you Ohio Church !

Needs:

We were in need of 9 twin size mattresses then we found out that we needed 11. Through 2 gracious givers we received 3 new mattresses. Thank you !!! Now we are needing 8 twin size mattresses to complete the job.
